Safer Internet Day

Stop, Think, Check • Form time • KS3-KS4 • 15 minutes

THE FILM'S QUESTION

If you can no longer trust your own eyes, what do you trust instead?

Watch and check

5 MIN

Watch the film. For each fictional message, write one safe next step. Think about who or what you would check before acting.

What appears online	A safe next step
A video says your school is closed tomorrow.	
A message says you must send a code now.	
People in a chat are mocking a pupil's photo.	

Practise getting help

5 MIN

Imagine a pupil gets a nude image in a chat. With a partner or on your own, name a trusted adult they could tell. Never save, copy or forward the image, even if it's fake.

Plan your first move

5 MIN

Write the first sentence you could say to a trusted adult about a fictional online problem. Add one place you could go for help in school and one action you could take before sharing.

Use the fictional examples. In the UK, under-18s can use Childline and the IWF's Report Remove for nude images of themselves online.
